The Canova difference

CUSTOMER SERVICE

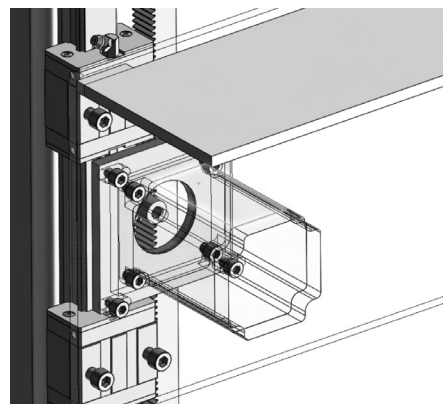

At Canova we believe that every client is unique and we are inspired by their vision and personality to craft custom solutions that defy mass objectification and convey the idea of craftsmanship for luxury and comfortable living.

TAILOR MADE IN ITALY

Canova is a quintessentially Italian brand: all products are designed by a team of professional Italian creatives and are custom made in manufacturing facilities located in the Venetian region, the world's heart of the high end furniture industry.

PROPRIETARY TECHNOLOGY

Passion for design, curiosity and attention to the ever changing needs of contemporary households are the driving forces of our design and engineering team, who is always seeking new advanced solutions, hardware and finishes to integrate.

SPECIAL MATERIALS

From veneer to stone (natural and man-made), glass, metals, corian, laminates, etc.. Canova offers one of the most comprehensive range of materials, colors and finishes in the industry and our staff is available to help clients discover all the ways there are to express their style.
